

The Dry Cleaner by Val Teams up with The Salvation Army

The Dry Cleaner by Val has teamed up with **The Salvation Army** in efforts to give back to the community and help the less fortunate while guaranteeing that no restoration efforts will be performed on clothing you **no longer utilize.**

To meet your needs as promptly as possible, we ask that you assess your wardrobe and set aside the garments that are of little or no use to you. We will remove these unwanted items from the home **free of charge.**

We will clean these items at no additional expense and The Salvation Army will then be retrieving these items from our plant. Please understand that this is a donation and your insurance company will not be responsible for any replacement costs. You will be provided with a tax deduction form for your reserves. Thank you for your participation and generous donation.

The Dry Cleaner by Val promises to be as always, competitively priced in the industry, while delivering the **best, most honest service** to all parties involved. Please allow us to be your preferred vendor, **a vendor you can trust.**
